OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

*First.*—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

*Second.*—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

*Third.*—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

WEDNESDAY, DECEMBER 23, 1840.

FORT WILLIAM,  
LEGISLATIVE DEPARTMENT,

TUE 21ST DECEMBER, 1840.

The following Draft of a proposed Act was read in Council for the first time on the 21st of December, 1840.

Act No. —— of 1840.

An Act for prescribing the Rules to be observed, in order that ships or vessels belonging to ports within the territories of the East India Company, or belonging to Native Princes or States, or their subjects, may become entitled to the privileges of British ships under a proclamation of the Governor General of India in Council to be made in pursuance of the Stat. 3d and 4th Victoria Ch. LVI.

I. Whereas by a Statute passed in the 3d and 4th years of Her Majesty Queen Victoria, entitled "An Act to regulate the trade of ships built and trading within the limits of the East India Company's Charter," it is enacted "that it shall be lawful for the Governor General of India in Council, by Proclamation, to declare that all ships or vessels built or to be built within the limits of the Charter of the East India Company, being owned by Her Majesty's subjects for whom the said Governor General in Council has power to legislate, and belonging, under the Regulations hereinafter provided for, to any ports in the territories under the Government of the said Company, shall be deemed to be British ships for all the purposes of trade within the said limits, including the Cape of Good Hope and the territories and dependencies thereof; provided that upon such declaration being made the said Governor General in Council shall, and the said Governor General in Council is hereby accordingly empowered to make Regulations, to be enforced by suitable penalties, concerning the registering, licensing, and ascertaining the admensurement of the tonnage and burthen, and generally for the trading within the limits aforesaid of such ships or vessels." And whereas it is further enacted in the same Statute that "the Governor General of India in Council may by such Regulations as aforesaid, such Regulations being subject as aforesaid, admit to the privileges and advantages of British ships, for the purposes of trade within the limits of the Charter of the said Company, including the Cape of Good Hope and the territories and dependencies thereof, or to any of such privileges and advantages, any ships or vessels belonging to such Princes or States or any of them, or owned by subjects of any such Princes or States; but any such Regulations shall provide for the granting to such ships or vessels fit and convenient licences or passes, and generally for the trading within the limits aforesaid of such ships or vessels." And whereas, in pursuance of such enactments, it is expedient to frame such Regulations as are mentioned therein, and the compliance with which shall be required in respect of all ships or vessels not registered, or licensed (for the period of such licence) before the passing of this Act, in order that they may be deemed British ships under such Proclamation as aforesaid:

It is hereby enacted, that no ship or vessel shall be entitled to any of the privileges or advantages of British ships under such Proclamation as aforesaid (except as regards ships or vessels registered before the passing of this act and as regards ships or vessels belonging to Native Princes or States or their subjects) unless the person or persons claiming property therein shall have caused the same to have been registered at some one of the ports hereinafter mentioned within the territories of the East India Company, and shall have obtained a certificate of such registry from the person or persons authorised to make such

registry and grant such certificate as hereinafter directed; the form of which certificate shall be as follows:

"This is to certify, that in pursuance of Act No. —— of 1841, of the Governor General of India in Council (here insert the names and occupation and residence of subscribing owners) having made and subscribed the declaration required by the said Act and having declared that (he or they) together with (names, occupations and residence of non-subscribing owners,) (is or are) sole owner or owners, in the proportions specified on the back hereof, of the ship or vessel called the (ship's name) of (place at which the vessel shall be registered) which is of the burthen of (number of tons), and whereof (master's name) is master, and that the said ship or vessel was (when and where built) and (name and employment of Surveying Officer) having certified to us, that the said ship or vessel has (number) decks and (number) masts, that her length from the fore part of the main stem to the after part of the stern post aloft, is (number of feet and inches), her breadth at the broadest part (stating whether that be above or below the main wales) is (number of feet and inches), her height (between decks, if more than one deck or depth in the hold, if only one deck) is (number of feet and inches,) that she is (how rigged) rigged with a (standing or running) bowsprit, is (description of stern) sterned, (carvel or clincher) built, has (whether any or no) gallery, and (kind of head, if any) head; and the said subscribing owners having consented and agreed to the above description, the said ship or vessel called the (name) has been duly registered at the port of (name of port), certified under our hands at the Custom House, in the said port of (name of port), this (date) day of (name of month) in the year (words at length).

(Signed) Collector.

And on the back of such certificate of registry, there shall be an account of the parts or shares held by each of the owners mentioned and described in such certificate, in the form and manner following:

Name .....	Eight.
	&c. &c."

(Signed) Collector.

II. And it is hereby enacted, that the ports at which registration shall be made, shall be the ports of Calcutta, Madras, Bombay, —, —, —, and such other places subordinate to the local Governments of India, as such Governments respectively may, from time to time, declare to be registering ports under this Act. Provided, that ships or vessels built at any place other than any of such ports, shall be allowed to make their first voyage to any of such ports, being the ports at which it is intended they shall be registered, under a certificate to be granted by the principal British Officer at the place where the ship is built, or if there be no British Officer in authority there, then by three merchants of such place, which certificate shall contain all the particulars with regard to the ownership and description of the ships or vessels contained in a certificate of registry, and shall specify the ports at which it is intended that they shall respectively be registered, and which certificate shall have all the effect of a certificate of registry under this Act, during the first voyage from the place of building to the ports at which the ships or vessels respectively, shall be afterwards registered.

III. And it is hereby enacted, that the persons authorized to make such registry, and to grant such certificates as aforesaid, shall be the persons now authorized to make registry of ships or vessels under the Statute 3 and 4 W. 4, Cb. 33, and such other or different persons as the local Governments may from time to time appoint for the ports under their respective Presidencies.

IV. And it is hereby enacted, that at every port where registry shall be made in pursuance of this Act a book shall be kept by the Registering Officer in which all the particulars contained in the form of the certificate of the registry hereinbefore directed to be used shall be duly entered; and every registry shall be numbered in progression beginning such progressive numeration at the commencement of each and every year. And such Registering Officer shall forthwith, or within one month at the furthest, send to the Government of the Presidency to which he is subordinate a true and exact copy, together with the number of every certificate which shall be by him so granted.

V. And it is hereby enacted, that no registry shall henceforth be made or certificate be granted, until the following declaration be made or subscribed before the Registering Officer, by the owner or major part of the owners of the ship or vessel required to be registered.

I, A. B., of (place of residence and occupation) do truly declare that the ship or vessel (name) of (port or place) whereof (master's name) is at present master, being (kind of built, burthen, et cetera, as described in the certificate of the Surveying Officer) was (when and where) built, and that I the said (A. B.) and the other owners (names and occupations if any and where they respectively reside) am (or are) sole owner (or owners) of the said vessel, and that no other person or persons whatever hath or have any right, title, interest, share, or property therein or thereto; and that I the said (A. B.) and the said other owners (if any) am (or are) truly and bona fide a subject (or subjects) of Her Majesty for whom the Governor General of India in Council has power to legislate, and that no person not being subject as aforesaid, directly or indirectly, hath any share or part interest in the said ship or vessel. Provided that if the Registering Officer shall see occasion to doubt the truth of any of the facts contained in the above declaration he shall not deem such declaration to be conclusive, but may refuse the registry or certificate and his discretion exercised in this behalf shall be subject only to an appeal to the local Government to which he is subordinate.

VI. And it is hereby enacted, that in case the required number of joint owners of any ship or vessel shall not personally attend to make and subscribe the declaration hereinbefore directed to be made and subscribed, then and in such case such owner or owners, as shall personally attend and make and subscribe the declarations aforesaid, shall further declare that the part owner or part owners of such ship or vessel then absent is or are not resident within twenty miles of such port or place, and hath or have not to the best of his or their knowledge or belief, wilfully absented himself or themselves in order to avoid the making the declaration hereinbefore directed to be made and subscribed, or is or are prevented by illness from attending to make and subscribe the said declaration.

VII. And in order to enable the Registering Officer to grant a certificate truly and accurately describing every ship or vessel to be registered in pursuance of this Act, and also to enable all other Officers of Customs on due examination, to discover whether any such ship or vessel is the same with that for which a certificate is alleged to have been granted, it is hereby enacted, that previous to the registering or granting of any certificate of registry as aforesaid some one or more person or persons appointed by the local Governments respectively, taking to his or their assistance if he or they shall judge it necessary, one or more person or persons skilled in the building and admeasurement of ships, shall go on board of every such ship or vessel that is to be registered, and shall strictly and accurately examine and measure every such ship or vessel as to all and every particular contained in the form of the certificate hereinbefore directed in the presence of the master, or of any other person who shall be appointed for that purpose on the part of the owner or owners, or in his or their absence by the said master, and shall deliver a true and just account in writing of all such particulars of the built, description, and admeasurement of every such ship or vessel as are specified in the form of the certificate above recited to the Collector authorized as aforesaid to make such registry and grant such certificate of registry; and the said master or other person attending on the part of the owner or owners is hereby required to sign his name also to the certificate of such Surveying or Examining Officer, in testimony of the truth thereof, provided such master or other person shall consent and agree to the several particulars set forth and described therein.

VIII. And it is hereby enacted, that from and after the commencement of this Act the tonnage of every ship or vessel required by law to be registered, shall, previous to her being registered, be measured and ascertained while her hold is clear, and according to the following rule; (that is to say) divide the length of the upper deck be-

tween the afterpart of the stem and the forepart of the stern post into six equal parts. Depths; at the foremost, the middle, and the aftermost of those points of division, measure in feet and decimal parts of a foot the depths from the underside of the upper deck to the ceiling at the limber strake. In the case of a break in the upper deck, the depths are to be measured from a line stretched in a continuation of the deck. Breadths; divide each of those three depths into five equal parts and measure the inside breadths at the following points videlicet, at one-fifth and at four-fifths from the upper deck of the foremost and aftermost depths, and at two-fifths and four-fifths from the upper deck of the midship depth. Length; at half the midship depth measure the length of the vessel from the afterpart of the stem to the forepart of the stern-post, then to twice the midship depth add the foremost and the aftermost depths for the sum of the depths; add together the upper and lower breadths at the foremost division, three times the upper breadth, and the lower breadth at the midship division, and the upper and twice the lower breadth at the after division, for the sum of the breadths; then multiply the sum of the depths by the sum of the breadths, and this product by the length, and divide the final product by three thousand five hundred, which will give the number of tons for register. If the vessel have a poop or half deck, or a break in the upper deck, measure the inside mean length, breadth and height of such part thereof as may be included within the bulk head; multiply these three measurements together, and dividing the product by 92.4 the quotient will be the number of tons to be added to the result as above found. In order to ascertain the tonnage of open vessels, the depths are to be measured from the upper edge of the upper strake.

IX. And it is hereby enacted, that the tonnage or burthen of every ship belonging to the United Kingdom, ascertained in the manner hereinbefore directed, shall, in respect of any such ship which shall be registered after the commencement of this Act (except as hereinafter excepted,) be inserted in the certificate of the registry thereof, and be taken and deemed to be the tonnage or burthen thereof for all the purposes of the said recited Act.

X. And it is hereby provided, that in each of the several rules hereinbefore prescribed, when applied for the purpose of ascertaining the tonnage of any ship or vessel propelled by steam, the tonnage due to the cubical contents of the engine room shall be deducted from the total tonnage of the vessel as determined by either of the rules aforesaid, and the remainder shall be deemed the true register tonnage of the said ship or vessel. The tonnage due to the cubical contents of the engine room shall be determined in the following manner; that is to say, measure the inside length of the engine room in feet and decimal parts of a foot from the foremost to the aftermost bulk-head, then multiply the said length by the depth of the ship or vessel at the midship division as aforesaid, and the product by the inside breadth at the same division at two-fifths of the depth from the deck taken as aforesaid, and divide the last product by 92.4, and the quotient shall be deemed the tonnage due to the cubical contents of the engine room.

XI. And it is hereby provided, that the tonnage due to the cubical contents of the engine room and also the length of the engine room shall be set forth in the certificate of registry as part of the description of the ship or vessel, and that any alteration of such tonnage due to the cubical contents of the engine room, or of such length of the engine room, after registry, shall be deemed to be an alteration requiring registry de novo within the meaning of the said Act for the registering of ships or vessels.

XII. And it is hereby enacted, that for the purpose of ascertaining the tonnage of all such ships whether belonging to the United Kingdom or otherwise, as there shall be occasion to measure while their cargoes are on board, the following rule shall be observed and is hereby established; (that is to say,) measure, first the length on the upper deck between the afterpart of the stem and the forepart of the stern-post; secondly, the inside breadth on the underside of the upper deck at the middle point of the length; and, thirdly, the depth from the underside of the upper deck down the pump-well to be skin, multiply these three dimensions together, and divide the product by one hundred and thirty, and the quotient will be the amount of the register tonnage of such ship.

XIII. And it is hereby enacted, that the true amount of the register tonnage of every merchant ship or vessel belonging to the United Kingdom, to be ascertained according to the rule by this Act established in respect of such ships, shall be deeply carved or cut in figures of at least three inches in length on the main beam of every such ship or vessel, prior to her being registered.

XIV. And it is hereby enacted, that whenever the tonnage of any ship or vessel shall have been ascertained according to the rule herein prescribed (except in the case of ships or vessels which have been admeasured afloat) such account of tonnage shall ever after be deemed the tonnage of such ship or vessel, and shall be repeated in every subsequent registry of such ship or vessel, unless it shall happen that any alteration has been made in the form of burthen of such ship or vessel, or it shall be dis-

covered that the tonnage of such ship or vessel had been erroneously taken and computed.

XV. And it is hereby enacted, that if such certificate as aforesaid shall be sold, lent, or otherwise disposed of to any person or persons whatever than those for whose use it is granted or shall be made use of for the service of any other ship or vessel than the ship or vessel for which it is granted such certificate shall thenceforth be utterly void, and the master or any owner of the ship or vessel who shall be proved to have sold, lent, or disposed of such certificate or made use of the same as aforesaid, or shall have concurred in or been privy to the committing any such offence shall be liable upon conviction by information to a penalty not exceeding 10,000 rupees, and that in case such ship or vessel shall be lost or taken by the enemy, burnt, or broken up, or otherwise prevented from returning to the port at which she is registered, or shall on any account have lost and forfeited the privileges of a British ship, or shall have been seized and legally condemned for illicit trading, or shall have been taken in execution for debt and sold by due process or law, or shall have been sold to the Crown or the East India Company, or shall under any circumstances have been registered *de novo*, the certificate, if preserved, shall be delivered up, within one month after the arrival of the master in any port or place in the territories of the East India Company to the Registering Officer at such port, in default whereof the master shall be liable on conviction before a Justice of the Peace in a penalty not exceeding 5,000 rupees. And that if any person not being such subject as aforesaid shall purchase or otherwise become entitled to the whole or to any part or share of any interest in such ship or vessel, and the same shall be within the limits of any port of the territories of the East India Company, then and in such case the certificate of registry shall within seven days after such purchase or transfer of property in such ship or vessel, be delivered up to the person or persons hereinbefore authorized to make registry and grant certificate of registry at such port or place respectively as aforesaid, and if such ship or vessel shall be in any place not within the territories of the East India Company when such purchase or transfer of property shall take place, then that the certificate shall be delivered up within fourteen days after the arrival of such ship or vessel, or of the master thereof in any port of the territories of the East India Company, in default whereof the master shall be liable on conviction before any Justice of the Peace in a penalty not exceeding 5,000 rupees.

XVI. And it is hereby enacted, that when and so often as the master of any ship or vessel registered in manner hereinbefore directed shall be changed, the master or owner of such ship or vessel shall deliver to the person or persons hereinbefore authorized to make such registry and grant such certificates of registry at the port where such change shall take place if it be a port within the territories of the East India Company, the certificate of registry belonging to such ship or vessel, who shall thereupon indorse and subscribe a memorandum of such change, and shall forthwith give notice of the same to the proper officer of the port or place where such ship or vessel was last registered pursuant to this Act, who shall likewise make a memorandum of the same in the book of registers which is hereby directed and required to be kept, and shall forthwith give notice thereof in like manner as of the original entry. But if the change do not take place in any port within the territories of the East India Company, then such delivery, memorandum and indorsement shall be made and notice given at the first port within the territories of the East India Company at which the new master shall arrive after such change. In default of which delivery of the certificate such new master shall be liable on conviction before a Justice of the Peace, to a penalty not exceeding 5,000 rupees.

XVII. And it is hereby enacted, that it shall not be lawful for any owner or owners of any ship or vessel, to give any name to such ship or vessel other than that by which she was first registered in pursuance of this Act, and that the owner or owners of all and every ship or vessel which shall be so registered, shall, before such ship or vessel after such registry, shall begin to take in any cargo, paint or cause to be painted, in white or yellow letters of a length of not less than four inches, upon a black ground on some conspicuous part of the stern, the name by which such ship or vessel shall have been registered pursuant to this Act, and the port to which she belongs in a distinct and legible manner, and shall so keep and preserve the same, and that if such owner or owners, or master or other person having or taking the charge or command of such ship or vessel, shall permit such ship or vessel to begin to take in cargo before the name of such ship or vessel has been so painted as aforesaid, or shall wilfully alter, erase, obliterate, or in any wise hide or conceal, or cause or procure or permit the same to be done or shall in any written or printed paper, or other document describe such ship or vessel by any name other than that by which she was first registered pursuant to this Act, or shall verbally describe, or cause or procure or permit such ship or vessel to be described by any other name to any Officer or Officers of Revenue in the due execution of his or their duty, then and in every such case the certificate of registry shall thenceforth become utterly

void, and such owner or owners, or master or other person having or taking the charge or command of such ship or vessel shall be liable on information to a penalty not exceeding 1,000 rupees.

XVIII. And it is hereby enacted, that all and every person and persons who shall apply for a certificate of the registry of any ship or vessel shall, and they are hereby required to produce to the person or persons authorized to grant such certificate, a true and full particular under the hand of the builder of such ship or vessel, or in case the want of such certificate can be satisfactorily accounted for, then to produce other sufficient evidence of the proper denomination, and of the time when and the place where such ship or vessel was built, and also an exact account of the tonnage of such ship or vessel, and shall also make and subscribe a declaration before the person or persons hereinbefore authorized to grant such certificate that the ship or vessel for which such certificate is required is the same with that which is so described by the builder aforesaid.

XIX. And it is hereby enacted, that if the certificate of registry of any ship or vessel shall be lost or mislaid, so that the same cannot be found or obtained for the use of such ship or vessel when needful, and proof thereof shall be made to the satisfaction of the Registering Officer of the port at which the ship is registered, such Officer shall and may permit such ship or vessel to be registered *de novo*, and a certificate thereof to be granted. Provided always that if such ship or vessel be absent and far distant from the port to which she belongs, or by reason of the absence of the owner or owners, or of any other impediment, registry of the same cannot then be made in sufficient time, such Registering Officer shall and may grant a license for the present use of such ship or vessel, which license shall for the time and to the extent specified therein, and no longer, be of the same force and virtue as a certificate of registry granted under this Act. Provided always that if the certificate of registry shall at any time afterwards be found, the same shall be forthwith delivered to the proper Officers of Customs to be cancelled, and that no illegal use be made of the same, in default whereof the original certificate and the renewed certificate or license shall thenceforth become utterly void, and any person wilfully detaining the certificate so required to be cancelled, or making any illegal use thereof, shall be liable on conviction before any Justice in a penalty not exceeding 5,000 rupees.

XX. And whereas it is not proper that any person under any pretence whatever should detain the certificate of registry of any ship or vessel, or hold the same for any purpose other than the lawful use and navigation of the ship or vessel for which it was granted, it is therefore hereby enacted, that in case any person who shall have received or obtained by any means or for any purpose whatsoever the certificate of the registry of any such ship or vessel (whether such person shall claim to be the master or to be the owner or one of the owners of such ship or vessel, or not,) shall wilfully detain and refuse to deliver up the same to the proper Officers of Customs, for the purposes of such ship or vessel, as occasion shall require, or to the person or persons having the actual command, possession, and management of such ship or vessel as the ostensible and reputed master, or as the ostensible and reputed owner or owners thereof, it may and shall be lawful to and for any such last mentioned person to make complaint on oath of such detainer and refusal to any Justice of the Peace residing near to the place where such detainer and refusal shall be, and on such complaint the said Justice shall and is hereby required by warrant under his hand and seal, to cause the person so complained against to be brought before him to be examined touching such detainer and refusal, and if it shall appear to the said Justice on examination of such person or otherwise that the said certificate of registry is not lost or mislaid, but is wilfully detained by the said person, such person shall be subject on conviction before such Justice to a penalty not exceeding 1,000 rupees, and the said Justice shall, and he is hereby required to certify the aforesaid detainer, refusal, and conviction to the person or persons who granted such certificate of registry for such ship or vessel who shall, on the terms and conditions of law being complied with make registry of such ship or vessel *de novo*, and grant a certificate thereof conformably to law, notifying on the back of such certificate the ground upon which the ship or vessel was so registered *de novo*; and if the person who shall have detained and refused to deliver up such certificate of registry as aforesaid, or shall be verily believed to have detained the same, shall have absconded so that the said warrant of the Justice cannot be executed upon him, and proof thereof shall be made to the satisfaction of the Registering Officer, of the port at which the ship or vessel was registered, it shall be lawful for the said Officer to permit such ship or vessel to be registered *de novo*, or otherwise, in his discretion, to grant a license for the present use of such ship or vessel in like manner as is hereinbefore provided in the case wherein the certificate of registry is lost or mislaid.

XI. And it is hereby enacted, that if any ship or vessel, after she shall have been registered pursuant to the directions of this Act, shall in any manner whatever be altered so as not to correspond with all the particulars

contained in the certificate of her registry, in such case such ship or vessel shall be registered *de novo*, in manner hereinbefore required as soon as she returns to the port to which she belongs, or to any other port within the territories of the East India Company, on failure whereof such ship or vessel shall to all intents and purposes be considered and deemed and taken to be a ship or vessel not duly registered.

XXII. And whereas great inconvenience may arise from the Registering Officers being served with subpoenas requiring them to bring with them and produce, on trials in Courts of Law relative to the ownership of vessels, or otherwise the declarations required to be taken by the owners thereof prior to the registering thereof, and the books of registry, or copies or extracts therefrom. And whereas it would tend much to the dispatch of business if the attendance of such Registering Officers with the same upon such trials were dispensed with, it is therefore hereby enacted, that the Registering Officers at any port or place, and the person or persons acting for them respectively, shall, upon every reasonable request by any person or persons whomsoever, produce and exhibit for his, her or their inspection and examination any declaration made by any such owner or owners, and also any register or entry in any book or books of registry required, and shall upon every reasonable request by any person or persons whomsoever, permit him, her, or them to take a copy or copies, or an extract or extracts thereof respectively, and that the copy and copies of any such oath or declaration, registry or entry, shall upon being proved to be true copy or copies thereof respectively, be allowed and received as evidence upon every trial at law, without the production of the original or originals, and without the testimony or attendance of any Registering Officer, or other person or persons acting for them respectively, in all cases, as fully and to all intents and purposes as such original or originals if produced by any Registering Officer, or other person or persons acting for them, could or might legally be admitted or received in evidence.

XXIII. And it is hereby enacted, that if any person or persons shall falsely make declaration to any of the matters hereinbefore required to be verified by declaration, or if any person or persons shall counterfeit, erase, alter, or falsify any certificate or other instrument in writing required or directed to be obtained, granted, or produced by this Act, or shall knowingly or wilfully make use of any certificate or other instrument so counterfeited,

erased, altered, falsified, or shall wilfully grant such certificate or other instrument in writing, knowing it to be false, such person or persons shall for every such offence be liable on conviction upon information to a penalty not exceeding 10,000 rupees. And if any such offence be committed by the owner of any ship or vessel, the certificate or license of such ship or vessel shall thenceforth be wholly void.

XXIV. It is hereby enacted, that when any ship or vessel duly registered under this Act, or sailing under the British Navigation Law, shall come to be owned, by a Native Prince or State, or by any subject of such Native Prince or State, it shall be lawful for the Governor of Fort William in Bengal, or for the Governor in Council of any Presidency, to continue to such vessel the privilege of a British ship by a pass to be issued under the Company's Seal and subscribed by a Secretary to Government, stating the voyage or voyages for which the same is to have effect, and the period for which it is to last; and it shall be lawful for the Governor of Fort William in Bengal, or the Governor in Council of any Presidency, to issue a similar pass conferring the privileges of a British ship under this Act to any ship or vessel built within the dominions of such Native Prince or State, and owned by such Prince or State, or by any of their subjects, provided always, that the ships belonging to Native Princes or States, or their subjects, in respect of which passes may be granted under this Act shall, during the voyage or voyages, or the period for which any such pass shall be granted be commanded by a subject of Her Majesty for whom the Governor General in Council has power to legislate.

XXV. And it is hereby enacted, that the fees demandable in respect of the granting any certificate or pass under this Act shall be fixed from time to time according to the directions of the Governor General in Council, but so that the same shall not exceed the amount of fees now payable for registering or granting passes to ships or vessels at the different Presidencies.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first meeting of the Legislative Council of India, after the 21st day of March next.

FORT WILLIAM,  
LEGISLATIVE DEPARTMENT,  
THE 7TH DECEMBER, 1840.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 7th of December 1840, is hereby promulgated for general information.

ACT No. XXIV. of 1840.

*For amending the Law with respect to rates for Municipal purposes within the Town of Calcutta.*

I. Whereas it is expedient to specify the particular purposes to which rates assessed on houses, buildings and grounds in Calcutta shall be applied; and abolish the practice which has hitherto prevailed, of levying five per cent on the annual value of all houses, buildings and grounds, without reference to the amount necessary for accomplishing the pur-

poses of the rates; such per-centge being inadequate for the purposes to which the rates have hitherto been deemed applicable. And whereas it is expedient to make the per-centge leviable by quarterly rates on the annual value of property to depend entirely on the expenditure necessary for accomplishing, in an efficient manner, the purposes to which the rates shall henceforth be applicable, and providing for all incidental expences and casual deficiencies or defaults. And whereas it is expedient to subject the collection and administration of the funds raised for Municipal purposes in the various districts of the Town to the management of the rate-payers themselves within such districts respectively, whenever they are desirous of undertaking the same, and are willing to enter into proper arrangements for the purpose. And whereas it is expedient to modify the provisions of the Statute 33 Geo. 3, Cap. 52, in regard to assessments for the Town of Calcutta in order for the better collection of the same, reserving all the authority of such Statute in matters not inconsistent with this Act;—

It is hereby enacted, that the assessments which by the Statute 33 Geo. 3 Ch. 52 are authorized to be made for the Town of Calcutta, shall be applicable to the following purposes only—viz. lighting, and watering the roads and streets, and cleansing and repairing the same and the drains of the said Town.

II. And it is hereby enacted, that the assessments and rates made under the authority of the said Statute shall be sufficient for accomplishing, in an efficient manner, the purposes mentioned in the last Section, for discharging all incidental expences, and for making up deficiencies and defaults of every kind whatsoever. Provided always that no rate shall be made exceeding the amount of five per cent. on the assessed value of property without the sanction of the Governor of Fort William in Bengal.

III. And it is hereby enacted, for the encouragement of the control and supervision of the assessment and collection of the rates and the management thereof within particular divisions being undertaken by the rate-payers themselves—the Justices at their Quarter Sessions shall publish quarterly the particulars of all sums laid out, and of all the expences of collection and deficiencies during the preceding quarter within the following divisions of the Town, or such other divisions as the Governor of Fort William in Bengal may from time to time direct, so long as the assessment, collection or management of the rates for such divisions shall remain under their jurisdiction, viz. the 1st or Upper North Division, bounded as follows:

North—by the Mahratta Ditch.

South—by the Mutchooa Bazar Road and Cotton Street to Meerbhur's Ghaut.

East—by the Circular Road.

West—by the River Hooghly.

2d or Lower North Division, bounded as follows:

North—by Mutchooa Bazar Road and Cotton Street, to Meerbhur's Ghaut.

South—by the Boitakhanna and Bow Bazar Road, and Hare Street, to Police Ghaut.

East—by the Circular Road.

West—by the River Hooghly.

3d or Upper South Division, bounded as follows:

North—Boitakhanna, Bow Bazar Road and Hare Street, to Police Ghaut.

South—Durrumtollah Street and Esplanade Row, to Chandpaul Ghaut.

East—Circular Road.

West—River Hooghly.

4th or Lower South Division, bounded as follows:

North—by the Durrumtollah Street and Esplanade Row, to Chandpaul Ghaut.

South—by the Lower Circular Road to Kidderpore Bridge and Tolly's Nullah, to River Hooghly, including the Fort and Cooly Bazar.

East—by the Circular Road.

West—by the River Hooghly.

IV. And it is hereby enacted, whenever two-thirds in number and value of the rate-payers of any of such respective divisions shall apply to the Governor of Fort William in Bengal to undertake themselves the assessment, collection and management of the rates of such division, or any or either of these trusts, it shall be lawful for the Governor of Fort William in Bengal to authorise the same accordingly, at his discretion; provided always that such majority of rate-payers shall present a scheme which shall obtain his full approbation for the safe and efficient execution of the trusts;

the transfer of which from the present authorities is sought for. Provided always that in any such arrangement, the amount to be levied in any particular division shall not be considered as necessarily limited by the amount expended within such division, but shall be adjusted by the Governor of Fort William in Bengal upon reference to all local circumstances.

V. And it is hereby enacted, that for the better assessment and collection of rates under this Act, it shall be lawful for the Governor of Fort William in Bengal, to appoint such Assessor or Assessors, Collector or Collectors, and to make such union of the offices of Assessor and Collector, and to prescribe such rules and take such securities for the due execution of this Act by the person or persons employed in assessments and collections and in the management of the rates collected as he shall deem expedient.

VI. And it is hereby enacted, that it shall not be necessary in any Assessment rate or Warrant of Distress under this Act to specify the names of the owners or occupiers of houses, buildings and grounds; but it shall be sufficient if every property rated be identified, and, in the case of houses numbered in any street,

that the name of the street and number of the house rated be particularly specified.

VII. And it is hereby enacted, that the Goods and Chattles of the owner of any property rated shall be seizable anywhere (except where property is concealed as hereinafter mentioned) for deficiency in the payment of rates. And that all property which shall be found upon any premises rated, shall be seizable for any arrears which may be due for a period of one year immediately preceding such seizure. And in the case of the seizure of the property of a tenant under such circumstances, he may deduct the amount of the levy from the next payment of his rent.

VIII. And it is hereby enacted, that where there is ground to suspect that property liable to distress under this Act is concealed in any Zenana, the Officer charged with the execution of the Warrant shall make a special report to the Justice granting the same, who shall therupon follow, as closely as is practicable, the rules for the seizure of property in like cases adopted by Her Majesty's Supreme Court.

SATURDAY, DECEMBER 26, 1840.

FORT WILLIAM,  
LEGISLATIVE DEPARTMENT,  
THE 21ST DECEMBER, 1840.

The following Draft of a proposed Act was read in Council for the first time on the 21st of December, 1840.

Act No. —— of 1840.

An Act for prescribing the Rules to be observed, in order that ships or vessels belonging to ports within the territories of the East India Company, or belonging to Native Princes or States, or their subjects, may become entitled to the privileges of British ships under a proclamation of the Governor General of India in Council to be made in pursuance of the Stat. 3d and 4th Victoria Ch. LVI.

I. Whereas by a Statute passed in the 3d and 4th years of Her Majesty Queen Victoria, entitled "An Act to regulate the trade of ships built and trading within the limits of the East India Company's Charter," it is enacted "that it shall be lawful for the Governor General of India in Council, by Proclamation, to declare that all ships or vessels built or to be built within the limits of the Charter of the East India Company, being owned by Her Majesty's subjects for whom the said Governor General in Council has power to legislate, and belonging, under the Regulations hereinafter provided for, to any ports in the territories under the Government of the said Company, shall be deemed to be British ships for all the purposes of trade within the said limits, including the Cape of Good Hope and the territories and dependencies thereof; provided that upon such declaration being made the said Governor General in Council shall, and the said Governor General in Council is hereby accordingly empowered to make Regulations, to be enforced by suitable penalties, concerning the registering, licensing, and ascertaining the admeasurement of the tonnage and burden, and generally for the trading within the limits aforesaid of such ships or vessels." And whereas it is further enacted in the same Statute that "the Governor General of India in Council may by such Regulations as aforesaid, such Regulations being subject as aforesaid, admit to the privileges and advantages of British ships, for the purposes of trade within the limits of the Charter of the said Company, including the Cape of Good Hope and the territories and dependencies thereof, or to any of such privileges and advantages, any ships or vessels belonging to such Princes or States or any of them, or owned by subjects of any such Princes or States; but any such Regulations shall provide for the granting to such ships or vessels fit and convenient licences or passes, and generally for the trading within the limits aforesaid of such ships or vessels." And whereas, in pursuance of such enactments it is expedient to frame such Regulations as are mentioned therein, and the compliance with which shall be required in respect of all ships or vessels not registered, or licensed (for the period of such licence) before the passing of this Act, in order that they may be deemed British ships under such Proclamation as aforesaid;

It is hereby enacted, that no ship or vessel shall be entitled to any of the privileges or advantages of British ships under such Proclamation as aforesaid (except as regards ships or vessels registered before the passing of this act and as regards ships or vessels belonging to Native Princes or States or their subjects) unless the person or persons claiming property therein shall have caused the same to have been registered at some one of the ports hereinafter mentioned within the territories of the East India Company, and shall have obtained a certificate of such registry from the person or persons authorised to make such

registry and grant such certificate as hereinafter directed; the form of which certificate shall be as follows:

"This is to certify, that in pursuance of Act No. —— of 1841, of the Governor General of India in Council (here insert the names and occupation and residence of subscribing owners) having made and subscribed the declaration required by the said Act and having declared that (he or they) together with (names, occupations and residence of non-subscribing owners,) (is or are) sole owner or owners, in the proportions specified on the back hereof, of the ship or vessel called the (ship's name) of (place at which the vessel shall be registered) which is of the burthen of (number of tons), and whereof (master's name) is master, and that the said ship or vessel was (when and where built) and (name and employment of Surveying Officer) having certified to us, that the said ship or vessel has (number) decks and (number) masts, that her length from the fore part of the main stem to the after part of the stern post astoif, is (number of feet and inches), her breadth at the broadest part (stating whether that be above or below the main wales) is (number of feet and inches,) her height (between decks, if more than one deck or depth in the hold, if only one deck) is (number of feet and inches,) that she is (how rigged) rigged with a (standing or running) bargeprit, is (description of stern) sterned, (carvel or clincher) built, has (whether any or no) gallery, and (kind of head, if any) head; and the said subscribing owners having subscribed and agreed to the above description, the said ship or vessel called the (name) has been duly registered at the port of (name of port), certified under our hands at the Custom House, in the said port of (name of port), this (date) day of (name of month) in the year (words at length).

	&c. &c."

(Signed) Collector.

II. And it is hereby enacted, that the ports at which registration shall be made, shall be the ports of Calcutta, Madras, Bombay, —, —, —, and such other places subordinate to the local Governments of India, as such Governments respectively may, from time to time, declare to be registering ports under this Act. Provided, that ships or vessels built at any place other than any of such ports, shall be allowed to make their first voyage to any of such ports, being the ports at which it is intended they shall be registered, under a certificate to be granted by the principal British Officer at the place where the ship is built, or if there be no British Officer in authority there, then by three merchants of such place, which certificate shall contain all the particulars with regard to the ownership and description of the ships or vessels contained in a certificate of registry, and shall specify the ports at which it is intended that they shall respectively be registered, and which certificate shall have all the effect of a certificate of registry under this Act, during the first voyage from the place of building to the ports at which the ships or vessels respectively, shall be afterwards registered.

III. And it is hereby enacted, that the persons authorized to make such registry, and to grant such certificates as aforesaid, shall be the persons now authorized to make registry of ships or vessels under the Statute 3 and 4 W. 4. Ch. 35, and such other or different persons as the local Governments may from time to time appoint for the ports under their respective Presidencies.

IV. And it is hereby enacted, that at every port where registry shall be made in pursuance of this Act a book shall be kept by the Registering Officer in which all the particulars contained in the form of the certificate of the registry hereinbefore directed to be used shall be duly entered; and every registry shall be numbered in progression beginning such progressive numeration at the commencement of each and every year. And such Registering Officer shall forthwith, or within one month at the furthest, send to the Government of the Presidency to which he is subordinate a true and exact copy, together with the number of every certificate which shall be by him so granted.

V. And it is hereby enacted, that no registry shall henceforth be made or certificate be granted, until the following declaration be made or subscribed before the Registering Officer, by the owner or major part of the owners of the ship or vessel required to be registered.

I, A. B., of (place of residence and occupation) do truly declare that the ship or vessel (name) of (port or place) whereof (master's name) is at present master, being (kind of built, burthen, &cetera, as described in the certificate of the Surveying Officer) was (when and where) built, and that I the said (A. B.) and the other owners (names and occupations if any and where they respectively reside) am (or are) sole owner (or owners) of the said vessel, and that no other person or persons whatever hath or have any right, title, interest, share, or property therein or thereto; and that I the said (A. B.) and the said other owners (if any) am (or are) truly and bona fide a subject (or subjects) of Her Majesty for whom the Governor General of India in Council has power to legislate, and that no person not being subject as aforesaid, directly or indirectly, hath any share or part interest in the said ship or vessel. Provided that if the Registering Officer shall see occasion to doubt the truth of any of the facts contained in the above declaration he shall not deem such declaration to be conclusive, but may refuse the registry or certificate and his discretion exercised in this behalf shall be subject only to an appeal to the local Government to which he is subordinate.

VI. And it is hereby enacted, that in case the required number of joint owners of any ship or vessel shall not personally attend to make and subscribe the declaration hereinbefore directed to be made and subscribed, they and in such case such owner or owners as shall personally attend and make and subscribe the declarations aforesaid, shall further declare that the part owner or part owners of such ship or vessel then absent is or are not resident within twenty miles of such port or place, and hath or have not to the best of his or their knowledge or belief, wilfully absented himself or themselves in order to avoid the making the declaration hereinbefore directed to be made and subscribed, or is or are prevented by illness from attending to make and subscribe the said declaration.

VII. And in order to enable the Registering Officer to grant a certificate truly and accurately describing every ship or vessel to be registered in pursuance of this Act, and also to enable all other Officers of Customs on due examination, to discover whether any such ship or vessel is the same with that for which a certificate is alleged to have been granted, it is hereby enacted, that previous to the registering or granting of any certificate of registry as aforesaid some one or more person or persons appointed by the local Governments respectively, taking to his or their assistance if he or they shall judge it necessary, one or more person or persons skilled in the building and adjustment of ships, shall go on board of every such ship or vessel that is to be registered, and shall strictly and accurately examine and measure every such ship or vessel as to all and every particular contained in the form of the certificate hereinbefore directed in the presence of the master, or of any other person who shall be appointed for that purpose on the part of the owner or owners, or in his or their absence by the said master, and shall deliver a true and just account in writing of all such particulars of the built, description, and adjustment of every such ship or vessel as are specified in the form of the certificate above recited to the Collector authorized as aforesaid to make such registry, and grant such certificate of registry; and the said master or other person attending on the part of the owner or owners is hereby required to sign his name also to the certificate of such Surveying or Examining Officer, in testimony of the truth thereof, provided such master or other person shall consent and agree to the several particulars set forth and described therein.

VIII. And it is hereby enacted, that from and after the commencement of this Act the tonnage of every ship or vessel required by law to be registered, shall, previous to her being registered, be measured and ascertained while her hold is clear, and according to the following rules: (that is to say) divide the length of the upper deck between the afterpart of the stern and the forepart of the

stern post into six equal parts. Depths; at the foremost, the middle, and the aftermost of those points of division, measure in feet and decimal parts of a foot the depths from the underside of the upper deck to the ceiling at the limber strake. In the case of a break in the upper deck, the depths are to be measured from a line stretched in a continuation of the deck. Breadths; divide each of those three depths into five equal parts and measure the inside breadths at the following points videlicet, at one-fifth and at four-fifths from the upper deck of the foremost and aftermost depths, and at two-fifths and four-fifths from the upper deck of the midship depth. Length; at half the midship depth measure the length of the vessel from the afterpart of the stem to the forepart of the stern-post, then to twice the midship depth add the foremost and the aftermost depths for the sum of the depths; add together the upper and lower breadths at the foremost division, three times the upper breadth, and the lower breadth at the midship division, and the upper and twice the lower breadth at the after division, for the sum of the breadths; then multiply the sum of the depths by the sum of the breadths, and this product by the length, and divide the final product by three thousand five hundred, which will give the number of tons for register. If the vessel have a poop or half deck, or a break in the upper deck, measure the inside mean length, breadth and height of such part thereof as may be included within the bulk head; multiply these three measurements together, and dividing the product by 92.4 the quotient will be the number of tons to be added to the results above found. In order to ascertain the tonnage of open vessels, the depths are to be measured from the upper edge of the upper strake.

IX. And it is hereby enacted, that the tonnage or burthen of every ship belonging to the United Kingdom, ascertained in the manner hereinbefore directed, shall, in respect of any such ship which shall be registered after the commencement of this Act (except as hereinafter excepted,) be inserted in the certificate of the registry thereof, and be taken and deemed to be the tonnage or burthen thereof for all the purposes of the said recited Act.

X. And it is hereby provided, that in each of the several rules hereinbefore prescribed, when applied for the purpose of ascertaining the tonnage of any ship or vessel propelled by steam, the tonnage due to the cubical contents of the engine room shall be deducted from the total tonnage of the vessel as determined by either of the rules aforesaid, and the remainder shall be deemed the true register tonnage of the said ship or vessel. The tonnage due to the cubical contents of the engine room shall be determined in the following manner; that is to say, measure the inside length of the engine room in feet and decimal parts of a foot from the foremost to the aftermost bulk-head, then multiply the said length by the depth of the ship or vessel at the midship division as aforesaid, and the product by the inside breadth at the same division at two-fifths of the depth from the deck taken as aforesaid, and divide the last product by 92.4, and the quotient shall be deemed the tonnage due to the cubical contents of the engine room.

XI. And it is hereby provided, that the tonnage due to the cubical contents of the engine room and also the length of the engine room shall be set forth in the certificate of registry as part of the description of the ship or vessel, and that any alteration of such tonnage due to the cubical contents of the engine room, or of such length of the engine room, after registry, shall be deemed to be an alteration requiring registry de novo within the meaning of the said Act for the registering of ships or vessels.

XII. And it is hereby enacted, that for the purpose of ascertaining the tonnage of all such ships whether belonging to the United Kingdom or otherwise, as there shall be occasion to measure while their cargoes are on board, the following rule shall be observed and is hereby established; (that is to say,) measure, first the length on the upper deck between the afterpart of the stem and the forepart of the stern-post; secondly, the inside breadth on the underside of the upper deck at the middle point of the length; and, thirdly, the depth from the underside of the upper deck down the pump-well to be skin, multiply these three dimensions together, and divide the product by one hundred and thirty, and the quotient will be the amount of the register tonnage of such ship.

XIII. And it is hereby enacted, that the true amount of the register tonnage of every merchant ship or vessel belonging to the United Kingdom, to be ascertained according to the rule by this Act established in respect of such ships, shall be deeply carved or cut in figures of at least three inches in length on the main beam of every such ship or vessel, prior to her being registered.

XIV. And it is hereby enacted, that whenever the tonnage of any ship or vessel shall have been ascertained according to the rule herein prescribed (except in the case of ships or vessels which have been measured aforesaid) such account of tonnage shall ever after be deemed the tonnage of such ship or vessel, and shall be repeated in every subsequent registry of such ship or vessel, unless it shall happen that any alteration has been made in the burthen of such ship or vessel, or it shall be dis-

covered that the tonnage of such ship or vessel had been erroneously taken and computed.

XV. And it is hereby enacted, that if such certificate as aforesaid shall be sold, lent, or otherwise disposed of to any person or persons whatever than those for whose use it is granted or shall be made use of for the service of any other ship or vessel than the ship or vessel for which it is granted such certificate shall therefore be utterly void, and the master of any owner of the ship or vessel who shall be proved to have sold, lent, or disposed of such certificate or made use of the same as aforesaid, or shall have concurred in or been privy to the committing any such offence shall be liable upon conviction by information to a penalty not exceeding 10,000 rupees, and that in case such ship or vessel shall be lost or taken by the enemy, burnt, or broken up, or otherwise prevented from returning to the port at which she is registered, or shall on any account have lost or forfeited the privileges of a British ship, or shall have been seized and legally condemned for illicit trading, or shall have been taken in execution for debt and sold by due process of law, or shall have been sold to the Crown or the East India Company, or shall under any circumstances have been registered de novo, the certificate, if preserved, shall be delivered up, within one month after the arrival of the master in any port or place in the territories of the East India Company to the Registering Officer at such port, in default whereof the master shall be liable on conviction before a Justice of the Peace in a penalty not exceeding 5,000 rupees. And that if any person not being such subject as aforesaid, shall purchase or otherwise become entitled to the whole or to any part or share of or any interest in such ship or vessel, and the same shall be within the limits of any port of the territories of the East India Company, then and in such case the certificate of registry shall within seven days after such purchase or transfer of property in such ship or vessel, be delivered up to the person or persons hereinbefore authorized to make registry and grant certificate of registry at such port or place respectively as aforesaid, and if such ship or vessel shall be in any place not within the territories of the East India Company when such purchase or transfer of property shall take place, then that the certificate shall be delivered up within fourteen days after the arrival of such ship or vessel, or of the master thereof in any port of the territories of the East India Company, in default whereof the master shall be liable on conviction before any Justice of the Peace in a penalty not exceeding 5,000 rupees.

XVI. And it is hereby enacted, that when and so often as the master of any ship or vessel registered in manner hereinbefore directed shall be changed, the master or owner of such ship or vessel shall deliver to the person or persons hereinbefore authorized to make such registry and grant such certificate of registry at the port where such change shall take place if it be a port within the territories of the East India Company, the certificate of registry belonging to such ship or vessel, who shall thereupon endorse and subscribe a memorandum of such change, and shall forthwith give notice of the same to the proper officer of the port or place where such ship or vessel was last registered pursuant to this Act, who shall likewise make a memorandum of the same in the book of registers which is hereby directed and required to be kept, and shall forthwith give notice thereof in like manner as of the original entry. But if the change do not take place in any port within the territories of the East India Company, then such delivery, memorandum and indorsement shall be made and notice given at the first port within the territories of the East India Company at which the new master shall arrive after such change. In default of which delivery of the certificate such new master shall be liable on conviction before a Justice of the Peace, to a penalty not exceeding 5,000 rupees.

XVII. And it is hereby enacted, that it shall not be lawful for any owner or owners of any ship or vessel to give any name to such ship or vessel other than that by which she was first registered in pursuance of this Act, and that the owner or owners of all and every ship or vessel which shall be so registered, shall, before such ship or vessel after such registry, shall begin to take in any cargo, paint or cause to be painted, in white or yellow letters of a length of not less than four inches, upon a black ground on some conspicuous part of the stern, the name by which such ship or vessel shall have been registered pursuant to this Act, and the part to which she belongs in a distinct and legible manner, and shall so keep and preserve the same, and that if such owner or owners, or master or other person having or taking the charge or command of such ship or vessel, shall permit such ship or vessel to begin to take in cargo before the name of such ship or vessel has been so painted as aforesaid, or shall wilfully alter, erase, obliterate, or in any wise hide or conceal, or cause or procure or permit the same to be hidden or shall in any written or printed paper, or other document describe such ship or vessel by any name other than that by which she was first registered pursuant to this Act, or shall verbally describe, or cause or procure to permit such ship or vessel to be described by any other name to any Officer or Officer of Revenue to whom the execution of his or their duty, then, and in every such case the certificate of registry shall thenceforth become utterly

void, and such owner or owners, or master or other person having or taking the charge or command of such ship or vessel shall be liable on information to a penalty not exceeding 1,000 rupees.

XVIII. And it is hereby enacted, that all and every person and persons who shall apply for a certificate of registry of any ship or vessel shall, and they are hereby required to produce to the person or persons authorized to grant such certificate, a true and full particular under the hand of the builder of such ship or vessel, or in case the want of such certificate can be satisfactorily accounted for, then to produce other sufficient evidence of the proper denomination, and of the time when and the place where such ship or vessel was built, and also an exact account of the tonnage of such ship or vessel, and shall also make and subscribe a declaration before the person or persons hereinbefore authorized to grant such certificate that the ship or vessel for which such certificate is required is the same with that which is so described by the builder as aforesaid.

XIX. And it is hereby enacted, that if the certificate of registry of any ship or vessel shall be lost or missing, so that the same cannot be found or obtained for the use of such ship or vessel when needed, and proof thereof shall be made to the satisfaction of the Registering Officer of the port at which the ship is registered, such Officer shall and may permit such ship or vessel to be registered de novo, and a certificate thereof shall be granted. Provided always that if such ship or vessel be absent and far distant from the port to which she belongs, or by reason of the absence of the owner or owners, or of any other impediment, registry of the same cannot then be made in sufficient time, such Registering Officer shall and may grant a license for the present use of such ship or vessel, which license shall for the time and to the extent specified therein, and no longer, be of the same force and virtue as a certificate of registry granted under this Act. Provided always that if the certificate of registry shall at any time afterwards be found, the same shall be forthwith delivered to the proper Officer of Customs to be cancelled, and that no illegal use be made of the same, in default whereof the original certificate and the renewed certificate or license shall thenceforth become utterly void, and any person wilfully retaining the certificates so required to be cancelled, or making any illegal use thereof, shall be liable on conviction before any Justice in a penalty not exceeding 5,000 rupees.

XX. And whereas it is not proper that any person under any pretence whatsoever should obtain the certificate of registry of any ship or vessel, or hold the same for any purpose other than the lawful use and navigation of the ship or vessel for which it was granted, it is therefore hereby enacted, that in case any person who shall have received or obtained, by any means or for any purpose whatsoever, the certificate of registry of any such ship or vessel, whether such person shall claim to be the master or to be the owner or one of the owners of such ship or vessel, or not, shall wilfully detain and refuse to deliver up the same to the proper Officer of Customs, for the purpose of such ship or vessel, at occasion when required, or to the person or persons having the actual command, possession, and management of such ship or vessel as the responsible and reputed master, or to the tenable and reputed owner or owners thereof, it may and shall be lawful to and for any such last mentioned person to make complaint on oath, of such detention and refusal to any Justice of the Peace residing near to the place where such detention and refusal shall be, and on such complaint the said Justice shall and is hereby required by warrant under his hand and seal, to cause the person so complained against to be brought before him to be examined touching such detention and refusal, and if it shall appear to the said Justice on examination of such person or persons, that the said certificate of registry is not lost or misplaced, but is wilfully detained by the said person, such person shall be subject on conviction before such Justice to a penalty not exceeding 1,000 rupees, and the said Justice shall, and he is hereby required to certify the aforesaid detention, refusal, and conviction to the person or persons who granted such certificate of registry for such ship or vessel, who shall, on the tenth and continuall of law being complied with make registry of such ship or vessel de novo, and grant a certificate thereof conformably to law, notifying on the back of such certificate by whom the ship or vessel was so registered de novo, and if the person who shall have detained and refused to deliver up such certificate as aforesaid, be still so wilfully detained, he shall be deemed to have detained the same, shall have absconded, and the said Warrant of the Justices cannot be executed upon him, and proof thereof shall be made to the satisfaction of the Registering Officer of the port at which the ship or vessel was so registered, it shall be lawful for such Officer to permit such ship or vessel to be registered de novo, or otherwise, in his discretion, to grant a license for the present use of such ship or vessel in like manner as is hereinbefore provided, in any case wherein the certificate of registry is lost or misplaced.

XXI. And, it is hereby enacted, that if any ship or vessel which shall have been registered pursuant to the provisions of this Act, shall in any manner whatever be altered, so as not to correspond with all the particulars

contained in the certificate of her registry, in such case such ship or vessel shall be registered *de novo*, in manner hereinbefore required as soon as she returns to the port to which she belongs, or to any other port within the territories of the East India Company, on failure whereof such ship or vessel shall to all intents and purposes be considered and deemed and taken to be a ship or vessel not duly registered.

XXII. And whereas great inconvenience may arise from the Registering Officers being served with subpoenas requiring them to bring with them and produce, on trials in Courts of Law relative to the ownership of vessels, or otherwise the declarations required to be taken by the owners thereof prior to the registering thereof, and the books of registry, or copies of extracts therefrom. And whereas it would tend much to the dispatch of business if the attendance of such Registering Officers with the same upon such trials were dispensed with, it is therefore hereby enacted, that the Registering Officer at any port of place, and the person or persons acting for them respectively, shall, upon every reasonable request by any person or persons whomsoever, produce and exhibit for his, her, or their inspection and examination any declaration made by any such owner or owners, and also any register or entry in any book or books of registry required, and shall upon every reasonable request by any person or persons whomsoever, permit him, her, or them to take a copy or copies, or an extract or extracts thereof respectively, and that the copy and copies of any such oath or declaration, registry or entry, shall upon being proved to be true copy or copies thereof respectively, be allowed and received as evidence upon every trial at law, without the production of the original or originals, and without the testimony or attendance of any Registering Officer, or other person or persons acting for them respectively, in all cases, as fully and to all intents and purposes as such original or originals if produced by any Registering Officer, or other person or persons acting for them, could or might legally be admitted or received in evidence.

XXIII. And it is hereby enacted, that if any person or persons shall falsely make declaration to any of the matters hereinbefore required to be verified by declaration, or if any person or persons shall counterfeit, erase, alter, or falsify any certificate or other instrument in writing required or directed to be obtained, granted, or produced by this Act, or shall knowingly or wilfully make use of any certificate or other instrument so counterfeited,

erased, altered, falsified, or shall wilfully grant such certificate or other instrument in writing, knowing it to be false, such person or persons shall for every such offence be liable on conviction upon information to a penalty not exceeding 10,000 rupees. And if any such offence be committed by the owner of any ship or vessel, the certificate, or license of such ship or vessel shall thenceforth be wholly void.

XXIV. It is hereby enacted, that when any ship or vessel duly registered under this Act, or sailing under the British Navigation Law, shall come to be owned, by a Native Prince or State, or by any subject of such Native Prince or State, it shall be lawful for the Governor of Fort William in Bengal, or for the Governor in Council of any Presidency, to continue to such vessel the privilege of a British ship by a pass to be issued under the Company's Seal and subscribed by a Secretary to Government, stating the voyage or voyages for which the same is to have effect, and the period for which it is to last; and it shall be lawful for the Governor of Fort William in Bengal, or the Governor in Council of any Presidency, to issue a similar pass conferring the privileges of a British ship under this Act to any ship or vessel built within the dominions of such Native Prince or State, and owned by such Prince or State, or by any of their subjects, provided always, that the ships belonging to Native Princes or States, or their subjects, in respect of which passes may be granted under this Act shall, during the voyage or voyages, or the period for which any such pass shall be granted be commanded by a subject of Her Majesty for whom the Governor General in Council has power to legislate.

XXV. And it is hereby enacted, that the fees demandable in respect of the granting any certificate or pass under this Act shall be fixed from time to time according to the directions of the Governor General in Council, but so that the same shall not exceed the amount of fees now payable for registering or granting passes to ships or vessels at the different Presidencies.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first meeting of the Legislative Council of India, after the 21st day of March next.

Provided that if the Registering Officer shall see occasion to doubt the truth of any of the facts contained in the above declaration, he shall not deem such declaration to be conclusive, but may refuse the registry or certificate, and his discretion exercised in this behalf shall be subject only to an appeal to the local Government to which he is subordinate.

VI. And it is hereby enacted, that in case the required number of joint owners of any ship or vessel shall not personally attend to make and subscribe the declaration hereinbefore directed to be made and subscribed, then and in such case such owner or owners, as shall personally attend and make and subscribe the declarations aforesaid, shall further declare that the other owner or part owners of such ship or vessel then absent, is or are not resident within twenty miles of such port or place, and hath or have not to the best of his or their knowledge or belief, wilfully absented himself or themselves, in order to avoid the making the declaration hereinbefore directed to be made and subscribed, or is or has prevented by illness from attending to make and subscribe the said declaration.

VII. And in order to enable the Registering Officer to grant certificates truly and accurately describing every ship or vessel to be registered in pursuance of this Act, and also to enable all other Officers of Customs on due examination, to discover whether any such ship or vessel is the same with that for which a certificate is alleged to have been granted, it is hereby enacted, that previous to the registering or granting of any certificate of registry as aforesaid some one or more person or persons appointed by the local Governments respectively, taking to his or their assistance if he or they shall judge it necessary, one or more person or persons skilled in the building and admeasurement of ships, shall go on board of every such ship or vessel that is to be registered, and shall strictly and accurately examine and measure every such ship or vessel as to all and every particular contained in the form of the certificate hereinbefore directed in the presence of the master, or of any other person who shall be appointed for that purpose on the part of the owner or owners, or in his or their absence by the said master, and shall cause a true and just account in writing of all such particulars of the build, description, and admeasurement of every such ship or vessel as are specified in the form of the certificate above referred to the Collector authorised as aforesaid to make such registry and grant such certificate of registry, and the said master or other person attending on the part of the owner or owners is hereby required to sign his name also to the certificate of such Surveying or Examining Officer, in testimony of the truth thereof, provided such master or other person shall consent and agree to the several particulars set forth and described therein.

**VIII.** And it is hereby enacted, that from and after the commencement of this Act the tonnage of every ship or vessel required by law to be registered, shall, previous to her being registered, be measured and ascertained while her hold is clear, and according to the following rule; (that is to say) divide the length of the upper deck between the afterpart of the stem and the forepart of the stern post into six equal parts. Depths; at the foremost, the middle, and the aftermost of those points of division, measure in feet and decimal parts of a foot the depths from the underside of the upper deck to the ceiling at the timber strake. In the case of a break in the upper deck, the depths are to be measured from a line stretched in a continuation of the deck. Breadths; divide each of those three depths into five equal parts and measure the inside breadths at the following points videlicet, at one-fifth and at four-fifths from the upper deck of the foremost and aftermost depths, and at two-fifths and four-fifths from the upper deck of the midship depth. Length; at half the midship depth measure the length of the vessel from the afterpart of the stem to the forepart of the stern-post, then to twice the midship depth add the foremost and the aftermost depths for the sum of the depths; add together the upper and lower breadths at the foremost division, three times the upper breadth, and the lower breadth at the midship division, and the upper and twice the lower breadth at the after division, for the sum of the breadths; then multiply the sum of the depths by the sum of the breadths, and this product by the length, and divide the final product by three thousand five hundred, which will give the number of tons for register. If the vessel have a poop or half deck, or a break in the upper deck, measure the inside mean length, breadth and height of such part thereof as may be included within the bulk head; multiply these three measurements together, and dividing the product by 92.4 the quotient will be the number of tons to be added to the result as above found. In order to ascertain the tonnage of open vessels, the depths are to be measured from the upper edge of the upper strake.

**IX.** And it is hereby enacted, that the tonnage or burthen of every ship belonging to the United Kingdom, ascertained in the manner hereinbefore directed, shall, in respect of any such ship which shall be registered after the commencement of this Act (except as hereinafter excepted,) be inserted in the certificate of the registry thereof, and be taken and deemed to be the tonnage or burthen thereof for all the purposes of the said recited Act.

**X.** And it is hereby provided, that in each of the several rules hereinbefore prescribed, when applied for the purpose of ascertaining the tonnage of any ship or vessel propelled by steam, the tonnage due to the cubical contents of the engine room shall be deducted from the total tonnage of the vessel as determined by either of the rules aforesaid, and the remainder shall be deemed the true register tonnage of the said ship or vessel. The tonnage due to the cubical contents of the engine room shall be determined in the following manner; that is to say, measure the inside length of the engine room in feet and decimal parts of a foot from the foremost to the aftermost bulk-head, then multiply the said length by the depth of the ship or vessel at the midship division as aforesaid, and the product by the inside breadth at the same division at two-fifths of the depth from the deck taken as aforesaid, and divide the last product by 92.4, and the quotient shall be deemed the tonnage due to the cubical contents of the engine room.

**XI.** And it is hereby provided, that the tonnage due to the cubical contents of the engine room and also the length of the engine room shall be set forth in the certificate of registry as part of the description of the ship or vessel; and that any alteration of such tonnage due to the cubical contents of the engine room, or of such length of the engine room, after registry, shall be deemed to be an alteration requiring registry de novo within the meaning of the said Act for the registering of ships or vessels.

**XII.** And it is hereby enacted, that for the purpose of ascertaining the tonnage of all such ships whether belonging to the United Kingdom or otherwise, as there shall be occasion to, measure while their cargoes are on board, the following rule shall be observed and is hereby established; (that is to say,) measure, first the length on the upper deck between the afterpart of the stem and the forepart of the stern-post; secondly, the inside breadth on the underside of the upper deck at the middle point of the length; and, thirdly, the depth from the underside of the upper deck down the pump-well to be skin, multiply these three dimensions together, and divide the product by one hundred and thirty, and the quotient will be the amount of the register tonnage of such ship.

**XIII.** And it is hereby enacted, that the true amount of the register tonnage of every merchant ship or vessel belonging to the United Kingdom, so to be ascertained according to the rule by this Act established in respect of such ships, shall be deeply carved or cut in figures of at least three inches in length on the midships of every such ship or vessel, prior to her being registered.

**XIV.** And it is hereby enacted, that whenever the tonnage of any ship or vessel shall have been ascertained according to the rule herein prescribed (except in the case of ships or vessels which have been admensured afloat) such account of tonnage shall ever after be deemed the tonnage of such ship or vessel, and shall be repeated in every subsequent registry of such ship or vessel, unless it shall happen that any alteration has been made in the form of burthen of such ship or vessel, or it shall be discovered that the tonnage of such ship or vessel had been erroneously taken and computed.

**XV.** And it is hereby enacted, that if such certificate as aforesaid shall be sold, lent, or otherwise disposed of to any person or persons whatever than those for whose use it is granted or shall be made use of for the service of any other ship or vessel than the ship or vessel for which it is granted such certificate shall thenceforth be utterly void, and the master or any owner of the ship or vessel who shall be proved to have sold, lent, or disposed of such certificate or made use of the same as aforesaid, or shall have concurred in or been privy to the committing any such offence shall be liable upon conviction by information to a penalty not exceeding 10,000 rupees, and that in case such ship or vessel shall be lost or taken by the enemy, burnt, or broken up, or otherwise prevented from returning to the port at which she is registered, or shall on any account have lost and forfeited the privileges of a British ship, or shall have been seized and legally condemned for illicit trading, or shall have been taken in execution for debt and sold by due process of law, or shall have been sold to the Crown or the East India Company, or shall under any circumstances have been registered de novo, the certificate, if preserved, shall be delivered up, within one month after the arrival of the master in any port or place in the territories of the East India Company to the Registering Officer at such port; in default whereof the master shall be liable on conviction before a Justice of the Peace in a penalty not exceeding 5,000 rupees. And that if any person not being such subject as aforesaid shall purchase or otherwise become entitled to the whole or to any part or share of or any interest in such ship or vessel, and the same shall be within the limits of any port of the territories of the East India Company, then and in such case the certificate of registry shall within seven days after such purchase or transfer of property in such ship or vessel, be delivered up to the person or persons hereinbefore authorized to make registry and grant certificate of registry at such port or place respectively as aforesaid, and if such ship or vessel shall be in any place not within the territories of the East India Company when such purchase or transfer of property shall take place, then that the certificate shall be delivered up within fourteen days after the arrival of such ship or vessel, or of the master thereof in any port of the territories of the East India Company, in default whereof the master shall be liable on conviction before any Justice of the Peace in a penalty not exceeding 5,000 rupees.

**XVI.** And it is hereby enacted, that when and so often as the master of any ship or vessel registered in manner hereinbefore directed shall be changed, the master or owner of such ship or vessel shall deliver to the person or persons hereinbefore authorized to make such registry and grant such certificates of registry at the port where such change shall take place if it be a port within the territories of the East India Company, the certificate of registry belonging to such ship or vessel, who shall thereupon indorse and subscribe a memorandum of such change, and shall forthwith give notice of the same to the proper officer of the port or place where such ship or vessel was last registered pursuant to this Act, who shall likewise make a memorandum of the same in the book of registers which is hereby directed and required to be kept, and shall forthwith give notice thereof in like manner as of the original entry. But if the change do not take place in any port within the territories of the East India Company, then such delivery, memorandum and indorsement shall be made and notice given at the first port within the territories of the East India Company at which the new master shall arrive after such change. In default of which delivery of the certificate, such new master shall be liable on conviction before a Justice of the Peace, to a penalty not exceeding 5,000 rupees.

**XVII.** And it is hereby enacted, that it shall not be lawful for any owner or owners of any ship or vessel, to give any name to such ship or vessel other than that by which she was first registered in pursuance of this Act, and that the owner or owners of all and every ship or vessel which shall be so registered, shall, before such ship or vessel after such registry, shall begin to take in any cargo, paint or cause to be painted, in white or yellow letters of a length of not less than four inches, upon a black ground in some conspicuous part of the stern, the name by which such ship or vessel shall have been registered pursuant to this Act, and the port to which she belongs in a distinct and legible manner, and shall so keep and preserve the name and that if such owner or owners, or master or other person having or taking the charge or command of such ship or vessel, shall permit such ship or vessel to begin to take in cargo before the name of such

ship or vessel has been so painted as aforesaid, or shall wilfully alter, erase, obliterate, or in any wise hide or conceal, or cause or procure or permit the same to be done or shall in any written or printed paper, or other document describe such ship or vessel by any name other than that by which she was first registered, pursuant to this Act, or shall verbally describe, or advise or procure or permit such ship or vessel to be described by any other name to any Officer or Officers of Revenue in the due execution of his or their duty, then and in every such case the certificate of registry shall thenceforth become utterly void, and such owner or owners, or master or other person having or taking the charge or command of such ship or vessel shall be liable on conviction to a penalty not exceeding 1,000 rupees.

XVIII. And it is hereby enacted, that all and every person and persons who shall apply for a certificate of the registry of any ship or vessel shall, and they are hereby required to produce to the person or persons authorized to grant such certificate, a true and full particular under the hand of the builder of such ship or vessel, or in case the want of such certificate can be satisfactorily accounted for, than to produce other sufficient evidence of the proper denomination, and of the time when and the place where such ship or vessel was built, and also an exact account of the tonnage of such ship or vessel, and shall also make and subscribe a declaration before the person or persons hereinbefore authorized to grant such certificate that the ship or vessel for which such certificate is required is the same with that which is so described by the builder as aforesaid.

XIX. And it is hereby enacted, that if the certificate of registry of any ship or vessel shall be lost or mislaid, so that the same cannot be found or obtained for the use of such ship or vessel when needed, and proof thereof shall be made to the satisfaction of the Registering Officer of the port at which the ship is registered, such Officer shall and may permit such ship or vessel to be registered de novo, and a certificate thereof to be granted. Provided always that if such ship or vessel be absent and far distant from the port to which she belongs, or by reason of the absence of the owner or owners, or of any other impediment, registry of the same cannot then be made in sufficient time, such Registering Officer shall and may grant a license for the present use of such ship or vessel, which license shall for the time and to the extent specified therein, and no longer, be of the same force and virtue as a certificate of registry granted under this Act. Provided always that if the certificate of registry shall at any time afterwards be found, the same shall be forthwith delivered to the proper Officers of Customs to be cancelled, and that no illegal use be made of the same, in default whereof the original certificate and the renewed certificate or license shall thenceforth become utterly void, and any person wilfully retaining the certificate so required to be cancelled, or making any illegal use thereof, shall be liable on conviction before any Justice in a penalty not exceeding 5000 rupees.

XX. And whereas it is not proper that any person under any pretence whatever should obtain the certificate of registry of any ship or vessel, or hold the same for any purpose other than the lawful use and navigation of the ship or vessel for which it was granted, it is therefore hereby enacted, that in case any person who shall have received or obtained by any means or for any purpose whatever the certificate of the registry of any such ship or vessel (whether such person shall claim to be the master

the same, shall have absconded so that the said warrant of the Justice cannot be executed upon him, and proof whereof shall be made to the satisfaction of the Registering Officer, of the port at which the ship or vessel was registered, it shall be lawful for the said Officer to permit such ship or vessel to be registered de novo, or otherwise, in his discretion, to grant a license for the present use of such ship or vessel in like manner as is hereinbefore provided in the case wherein the certificate of registry is lost or mislaid.

XXI. And it is hereby enacted, that if any ship or vessel, after she shall have been registered pursuant to the directions of this Act, shall in any manner whatever be altered so as not to correspond with all the particulars contained in the certificate of her registry, in such case such ship or vessel shall be registered de novo, in manner hereinbefore required as soon as she returns to the port to which she belongs, or to any other port within the territories of the East India Company, on failure whereof such ship or vessel shall to all intents and purposes be considered and deemed and taken to be a ship or vessel not duly registered.

XXII. And whereas great inconvenience may arise from the Registering Officers being served with subpoenas requiring them to bring with them and produce, on trials in Courts of Law relative to the ownership of vessels, or otherwise the declarations required to be taken by the owners, thereof prior to the registering thereof, and the books of registry, or copies or extracts therefrom. And whereas it would tend much to the dispatch of business if the attendance of such Registering Officers with the same upon such trials were dispensed with, it is therefore hereby enacted, that the Registering Officer at any port or place, and the person or persons acting for them respectively, shall, upon every reasonable request by any person or persons whomsoever, produce and exhibit for his, her or their inspection and examination any declaration made by any such owner or owners, and also any register or entry in any book or books of registry required, and shall upon every reasonable request by any person or persons whomsoever, permit him, her, or them to take a copy or copies, or an extract or extracts thereof respectively, and that the copy and copies of any such oath or declaration, registry or entry, shall upon being proved to be true copy or copies thereof respectively, be allowed and received as evidence upon every trial at law, without the production of the original or originals, and without the testimony or attendance of any Registering Officer, or other person or persons acting for them respectively, in all cases, as fully and to all intents and purposes as such original or originals if produced by any Registering Officer, or other person or persons acting for them, could or might legally be admitted or received in evidence.

XXIII. And it is hereby enacted, that if any person or persons shall falsely make declaration to any of the masters hereinbefore required to be verified by declaration, or if any person or persons shall counterfeite, erase, alter, or falsify any certificate or other instrument in writing required or directed to be obtained, granted, or produced by this Act, or shall knowingly or wilfully make use of any certificate or other instrument so counterfeited, erased, altered, falsified, or shall wilfully grant such certificate or other instrument in writing, knowing it to be false, such person or persons shall for every such offence be liable on conviction upon information to a penalty not exceeding 10,000 rupees. And if any such offence be

so that the same shall not exceed the amount of fees now payable for registering or granting passes to ships or vessels at the different Presidencies.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first meeting of the Legislative Council of India, after the 21st day of March next.

**OVERLAND LETTERS AND POSTAGE.**

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent), will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

Offg. Post Master General.

Fort William, Genl. Post Office, the 27th May, 1840.

**NOTICE.**

IT having been found expedient to abolish the Noon Despatch of Letters in the North Western Provinces, and as the Mid-day Dak in Bengal has been so little availed of for the conveyance of letters, it has pleased the Right Hon'ble the Governor General in Council to direct its discontinuance in those Provinces; also, consequently, the existing system of redelivering Letters at the time for the Noon Despatch, will cease on the 1st of the ensuing month of January.

**East India Army Agency,**

16, CORNHILL, AND 8, ST. MARTIN'S PLACE,  
CHARING CROSS.

**Messrs. GRINDLAY, CHRISTIAN, & MATTHEWS.**  
The numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well-wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance.—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, tried and vouchsafed for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to transact every description of business connected with India and the Colonies.

Parties desiring to support this Agency are informed that Subscriptions of 12 Rupees per annum will be received by

Messrs. COLVIN, AINSLIE, COWIE & Co., Calcutta.

#### ADVERTISEMENT.

It being understood that Public Officers, in ignorance of the existence and nature of the Orphan Press Contract with Government, occasionally employ other Presses to the prejudice of the Orphan Institution, the General Management deem it expedient to publish, for general information, the following extract of a Letter from Mr. Secretary Prinsep, shewing that the Orphan Press has the exclusive privilege of Printing for Government.

I am directed to acknowledge the receipt of your letter of the 6th instant, and in reply to state that it is by no means the intention of the Government to withdraw any part of its printing business from the Orphan School Establishment, or to allow Public Officers to give a preference to other Presses. On the contrary, the Vice President in Council has declared his readiness to enquire into every case in which other Establishments may be employed to the prejudice of the interests of the Orphan

School, whenever such may fall under his notice or be made the subject of representation.
